6. Attendance (or Absence)	[After speech party]

We are pleased to announce the JSBBA (Japan Society for Bioscience, Biotechnology and Agrochemistry) KANSAI 3rd Student Forum. This forum is a student-organized event sponsored by JSBBA KANSAI. Every oral presentation is to be made by “student only” and will be held in “English”. (Note that everyone can participate in this forum.)

Our purposes are to improve international communication skills and enhance international relationships for all students. It doesn't mind if presenters have excellent data and English skills or not.

Please feel free to register and participate in this forum!
